

The 2nd Liberation: no to *razakarisation*

Dr Khairul Chowdhury

The 29th December is the 2nd Victory Day for our nation - a revolutionary day that has the potential (as reflected in people's verdict) to regain our achievements of 1971; and it would mean:

- The war-criminal will be tried
- The end of *razakarisation* (the term *razakarisation* stands for communalisation of our culture, distortion of our history and destruction of our glorious achievements in 1971)
- The killers of Bangabandhu will be brought to justice
- The killers of four national leaders will be brought to justice.

In summary, the 29th December would help us to initiate the journey towards an advanced Bangladesh!
