

Citizens Centred Governance

ACT is the unique Australian Territory where its Citizens do play an important role in Governances. The New Chief Minister **Ms Katy Gallagher** affirms that Policy. On 17 September 2011, She (The Chief Minister Ms Katy Gallagher) has had informally met the members of the Community groups and the Concerned Citizens who wanted to express their views directly to the Chief Minister of the Australian Capital Territory (ACT). In her feedback the Chief Minister Ms Gallagher had supported the ACT's Bill of Rights and ACT is the First Australian Territory among all those States & Territories of Australia to introduce a Human Rights Legislation. The Chief Executive of Justice And Governance Incorporated, Mr. Jamil Shibli has had briefed the ACT Chief Minister about his NGO's programs to Liaise with the common people and also with the concerned ACT Government to develop the Closer cooperation between the People and the Government for a Better Governance. The Founder of The Concerned Canberrans Council had also sent a memorandum to the ACT's Chief Minister to urgently implement the establishment of a Fully functional International Airport in the Canberra region. The basic concepts of Democracy : **A Government By the People, For the People & Of the People** which unites us all in a State & When all the People and the Government united to work together --- creates a good Governance, Peace & continued prosperity in a Nation. All attendees and the Chief Minister with her cabinet ministers had joined in a Sausage sizzle party under the Sun with soft drinks, snacks and all enjoyed having tea/coffee together in this ACT public forum.
