

Dear All,

Bangladesh is being forced to endure lock downs to tackle the Covid-19 pandemic. Lock downs are having a crippling effect on businesses across the country and on the lives of the workers.

Beyond the health hazards, the impact of the COVID-19 pandemic will be felt not just on the national economy but on the household economy of millions of Bangladeshis.

This crisis has been seriously brought into attention and people, both individually and collectively are trying to come forward to support basic needs of these people.

We **LISTEN FOR INC** partnered with **Asiatic EXP & UNDP** has come up with an initiative to help COVID -19 victims in Bangladesh through a global fund-raising concert. The fund raised from the concert will be disbursed through UNDP's COVID-19 response activities on the field to help people below poverty. We, united in tune, can bring smile in their faces! This initiative is also supported and associates with a list of Bangladeshi organisations Australia wide and around the globe.
