

By the help of almighty Allah and all the support from huge number of kind peoples generous and tremendous support, a total of nearly \$32,375 has been collected for the operation as of 18th May. We have overcome our initial target. We never think to meet this apex without all of your contribution followed by the permission of Allah. So, we do not need any more donations now. All we need now is your prayer for successful operation. We really are overwhelmed to have such tangible support. Now we've realized as well as learned what humanity is.

Finally, pray for us to overcome this situation soon. I'll send possible update of the upcoming operation.

Thankfully
