

The bull, the horse, and the rider

- Maheema
Haque

“Giddy up boy, we gutta catch that bull’
Or else the barnyard won’t be full”
“Of animals mentioning big and tall
Ranging down to short and small”

“Faster!!!!” Goes the rider
Faster goes the horse
The rider doesn’t show any remorse
He throws the rope over the bull’s neck
But then cries, ‘WHAT THE HECK??’

The bull stops it gives a snare
Rider and horse fly through the air!
They broke many bones, but it taught them a
lesson,
Never estimate an animal’s aggression!
