

Ashique At Zoo Atlanta

During my Summer Vacation

Hi, how was your summer? Was it cool? I bet it was. I'd like to tell you about my summer. I spent a lot of time with my family. This is what I did.

In the beginning of summer, my family and I went to the airport to say goodbye to my grandpa. He has left for Bangladesh. I felt very sad that my grandpa had to leave America to Bangladesh for 2 months. His family in Bangladesh misses him too. That's why he has gone there. We left to the airport with his packed luggage on May 27 during the afternoon. My grandpa was happy to go to Bangladesh. We packed a lot of

things for him. At the airport, we met up with my grandpa's flight companions. My grandpa got on his flight and left to Bangladesh with the companions.

After that, a few weeks later we went to six flags white water. At whitewater, there was cold, wet water. It was perfect for the hot weather we were having. My family and I went on waterslides, and different kinds of rides. On the slide, I made up a new trick called the back-spin tumble. On the slide you sit backwards, and once you are near the end of the slide you tumble backwards. That's why it's called the back-

spin tumbler.

The last place my family and I went to was the Atlanta zoo. There are lots of cool animals in there. The furry animals are cute, and they are different sizes. The reptiles are cool. Some reptiles I saw at the zoo were alligators, crocodiles, snakes, frogs, and turtles. We saw kangaroos, pandas, zebras, lions, tigers, gorillas, and many other animals. The zebra came to drink water near me! Everyone thought he came to take pictures! The tiger behind the glass came to lie in the water in a separate place laid in the water to cool off and take pictures, once again near me. A panda was eating bamboo in front of me. We even saw squirrels that weren't even part of the zoo! The zoo was a fun, interesting place to go to. That was what happened during

my summer. It was a very interesting summer. This summer was the best. I had so much fun because it was with my family, but I still miss my grandpa. I hope he's having as much as me!
