

Birds

– Maheema Haque (9)

“Tweet, tweet” goes the little sweet sparrow
She likes to sing that when I move my barrow
“Squawk, squawk” go those noisy parrots,
They like to come down when I plant my carrots.

“Warble, warble” goes that annoying crow
You would like to call him quiet a foe,
“Pock, pock” goes that BIG fat hen,
She wants all those corn cobs, at least ten!

Swish, swish goes the swan gracefully,
He looks like he’s dancing oh, so pace fully,
And how, do you ask I keep all these birds?
Of course I get a lot of

BIRD NERDS!
