

Flowers!

By **AFRIDA MUSHARRAT MAMUN**

*1 flower 2 flower,
3 flower more,
Many more other flowers
Are ready to be picked after four.*

*Lots and lots of petals
Waiting to be smelt,
But noses are not ready
To be felt.*

*People might say please DO NOT smell that flower please.
But you might disobey it and smell,
But when your finished
You'll.....
Sneeeeeeeeeeeeeeeeeeeze!!!!*

*Lavender, Jasmine, Blue Bells,
Are that best flowers can be,
But what do you have to do when you' re near a flower?
Can you tell me?*
